Black Voices Cornwall together with The FSE Group & SWIG Finance warmly invite you to our Financially Inclusive Cornwall virtual event.

Financially Inclusive Cornwall is open to all business owners & advisors who are based across Cornwall & Isles of Scilly.

The event is in two parts, with the first part tackling the funding landscape and available funding for the region's growing business community. You'll hear first-hand how SMEs in your area secured finance to help realise their growth ambitions.

The second part of the event deals with all things business support. Our speakers have a great deal of experience in helping start-ups and established businesses, offering expert advice to help your business grow and prosper. Q&A sessions will be held after each session.
